*New
Schedule*

MODULE 2 SCHEDULE:

OCTOBER 24, 2025 (FRIDAY)

8:00 to 11:00AM (Phil. Standard Time)

Online via Zoom

Pre-requisite: Basic Non-Life Insurance Course

The Insurance Institute for Asia and the Pacific Inc. (IIAP) is proud to offer the second batch of specialized Certification course, leading to the ASEAN Professional Insurance Diploma (APID). This prestigious qualification, to be awarded by the ASEAN Insurance Council (AIC) is designed to provide insurance practitioners with a comprehensive knowledge on market practices in insurance claims and underwriting within the ASEAN-member countries (Indonesia, Malaysia, Singapore, Thailand and Philippines), as well as the how these countries are currently managing climate change and environmental risks, from the perspective of the insurance industry. This program is ideal for insurance professionals seeking to enhance their knowledge and expertise and advance their careers in the industry for potential regional posting.

Enroll in this program to deepen your knowledge and skills in managing environmental and climate risks in the Philippines.

TARGET PARTICIPANTS:

1. Insurance professionals including underwriters, claims handlers, brokers, reinsurers general managers who have completed their Insurance Diplomas in their respective countries & who wish to attain the APID. For Local participants, those who have completed at least Basic Non Life Insurance Course may attend, while working on their other requirements for the Asean Professional Insurance Diploma
2. Anyone who may not have a domestic Insurance Diploma but wish to learn more about ASEAN Environment and Climate Risk Management in the Philippines.

MODULE 2: OUTLINE

Part 1: Introduction to Climate Change and Environmental Risks

Part 2: Climate Policy and International Agreements

Part 3: Adaptation, Mitigation, Reduction, and Preparedness Strategies in the Phils.

Part 4: Climate Risk and the Insurance Sector

KEY LEARNING OUTCOMES

At the end of the course, the participant is expected to:

1. Understand the specific climate and environmental risks facing the Philippines.
2. Familiarize themselves with relevant policies, regulations, and international involvement.
3. Learn about various strategies utilized in the Philippines.
4. Understand sustainability in business and tools for measuring performance.
5. Evaluate compliance requirements and their application to the insurance industry.
6. Learn about sustainable (green and blue) innovative finance and insurance products.

PROGRAM LEADER: **MS. SHAYNE ROSE BULOS**

She is an experienced finance and insurance professional with over 15 years in the industry, including significant roles with the Philippine insurance sector regulator. Extensive background in the development sector with prominent organizations such as GIZ, GSMA, UN-WFP, ADB, and IFC. Expertise in regulatory and technical advisory, public-private partnership development, project design, climate risk insurance models, and capacity building across Asia, the Pacific, Africa, the Middle East, and South America.

Ms. Bulos is a Certified Public Accountant (CPA) and holds a master's degree in Business Administration from the Ateneo Graduate School of Business. Additionally, she has an Environment, Social, and Governance (ESG) certificate from the CFA Institute and completed the Harvard Business School (HBS)-Accion Program on Strategic Leadership in Inclusive Finance.
